## **Student Help Employment FAQ**

### **How can I qualify to be a student help employee?**

A student employee must be enrolled in at least 6 units for the semester. International students require 12 units.

### **Do I need any experience for this job?**

No. But retail experience is desired.

### **What type of employment is this job?**

This is a temporary short term position. The employment period starts 1/9/19 through 1/31/19.

### **What if I can't work on certain days during the employment period because I have other obligations scheduled already?**

The store requires a student to be available during the whole employment period. You are welcome to reapply next semester.

### **Can a student continue to work for the store after the rush period?**

Student employment is only a temporary assignment and subject to budgetary constraints. The store will employ rush employees through the 2<sup>nd</sup> week of instruction. Some student employees may be offered longer term employment based on their performance, attendance and availability.

### **How will my school schedule affect my work schedule?**

The store will work around your school schedule if you are hired.

### **How many hours can I work in a week?**

The maximum number of hours for a student employee to work is 26 per week.
