# RESUME

## A Little About Myself

My name is Tyrone Freeman and I was born and raised in Sacramento, California. I currently live in Downtown Sacramento, and my occupation has been in auto insurance claims. Graphic design has always been a passion of mine and I am now in the process of making it my career. I have over 10 years of freelance graphic design experience. In addition, I am currently working towards my Web Developer Certificate at American River College, to expand my knowledge in front end web development.

## My Goal

To apply my knowledge and skills as well as gain real world experience within an exciting and innovative company.

## Education

American River College - AA Business June 2004 - Sacramento, Ca.

## Skills:

- Cubase
- Standard Office Operations
- Versed in PC and Mac

The iPhone.

This was one of the first assignments I completed during my course. It was a discipline utilizing the pen tool and shading.

### Triad Tub.

This project enabled us to re-create a photo and apply a new color scheme to it.

The Couch.

Here we got to understand gradient and enjoy tracing a photo concentrating on the lines that make up what we see when looking at an object.

Logo Branding.

Here is a fun project where we got a brief view in to what it takes to complete a logo brand. It gives us an idea of what the finished product would look like on three different formats. The left is a bus stop display, top right is the logo itself and the bottom right is a business card view.

Faux Ad.

This was a Photoshop assignment I had to create. The purpose was to create a magazine advertisement. I enjoyed the color scheme and photo manipulation.
