Ism Panel Discussion

Objective
To reframe the impact of racism, sexism, heterosexism, ageism, classism, or ableism to peers in a panel format

Instructions
Based on completion of the Ism Research Project, students will sit on a panel in front of the classroom with other “experts” and discuss what was learned in the Ism Research Project. Then the panel will field related questions from the students in the classroom. Each student “expert” will be evaluated by the instructor and five of their classmates and will receive a final score, which is an average of all the evaluations. Each “expert” on the panel will be evaluated using the questions below.

**Failure to complete the Isms Research Project will result in forfeiting participation on the Panel Discussion**

Student Panel Evaluations
Each student will be evaluated using the questions below, for a total of 50 points.

1. Did the “expert” seem knowledgeable about the Ism in the introductory discussion?
   
   0...........1...........2...........3...........4...........5...........6...........7...........8...........9...........10
   Not at all      Minimal  Average       Good       Very Good

2. Was the “expert” able to respond to student questions in a knowledgeable way?
   
   0...........1...........2...........3...........4...........5...........6...........7...........8...........9...........10
   Not at all      Minimal  Average       Good       Very Good

3. Was the “expert” participating in the discussion about the Ism?
   
   0...........1...........2...........3...........4...........5...........6...........7...........8...........9...........10
   Not at all      Minimal  Average       Good       Very Good

4. Did the “expert” clearly express his/her ideas and provide examples to support them?
   
   0...........1...........2...........3...........4...........5...........6...........7...........8...........9...........10
   Not at all      Minimal  Average       Good       Very Good

5. Overall do you think this “expert” demonstrated a thorough understanding of the Ism?

   0...........1...........2...........3...........4...........5...........6...........7...........8...........9...........10
   Not at all      Minimal  Average       Good       Very Good
